

# IP-MIC

## Dual Desktop Conference Mic Accessory For MOCET Communicator (Model IP3092)

Extend your Communicator functionality to the small or medium sized conference room with the easy to install IP-MIC accessory. With the IP-MIC dual desktop mic accessory, all the participants in the room can be clearly heard whether on a Skype™ or FaceTime™ call or using the built-in VoIP features of the Communicator and MOCET IP Commander for IOS.

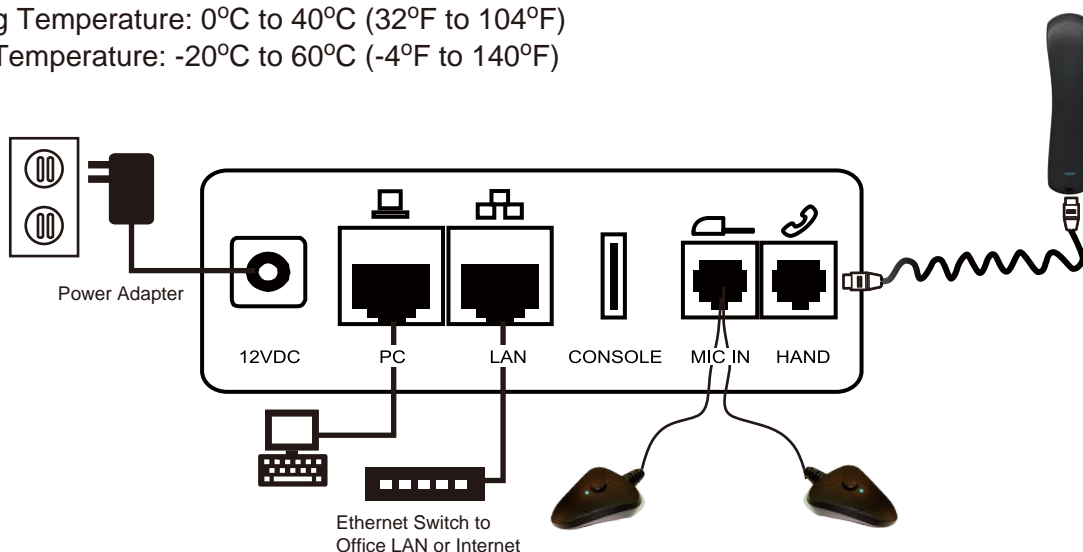

Each microphone pod can be independently muted for privacy and the two microphone pods can be placed up to 3 meters from the Communicator, making it suitable for use in most conference room settings.

With the IP-MIC accessory, the MOCET Communicator can now become your conference room phone.
